**Planning Phase:**

The Regional level CNE on "Caring for Mothers and their newborns -Midwives' role", was initially suggested by SOMI -Society of Midwives of India, in collaboration with Johnson & Johnson. It was planned under the exemplary guidance of Dr. Sripriya Gopalkrishnan, Principal, Sadhu Vaswani College of Nursing and Ms. Supriya Chinchpure coordinated Mrs. Manisha Kadam (Conference Chairperson). The conference as organizing secretary. The speakers' names were suggested by

1. Mrs. Manisha Kadam
2. Ms. Supriya Chinchpure

Special invitations were for SOMI members as experts in Midwifery.

Several meetings were conducted with faculty members for decision upon the date for the CNE and its program schedule. The meeting was also held with College SOMI Members, suggestions were taken from Dr. Prakasamma, Executive Director of Academy of Nursing Studies, Founder of SOMI. Lt.Col (Retd) Secretary SOMI India and Mrs. Rohini Nagarkar -SOMI President Maharashtra Chapter. The final dates for CNE, theme, and subtheme were finalized with the consent of SOMI members and speakers.

The date decided was on 29<sup>th</sup> June 2017. The registration fee for faculty was decided as 300/- as per Maharashtra

Nursing Council CNE guidelines. No on-spot registration was there.

After the final decision regarding the conference, 400 brochures were prepared and circulated all over Maharashtra nursing colleges and hospitals. Application for awarding CREDIT POINTS to the conference was sent to Maharashtra Nursing Council, which was finally granted to Award "2" CREDIT POINTS to the CNE.

Organizing committee members were decided after the discussion with Conference chairperson, and conference secretary. The responsibilities of the conference were distributed among all the faculty members, non-teaching staff and M.Sc Nursing and BSc Nursing students. Each committee members then started to work for necessary arrangements for the CNE.

**The day of CNE** was started with registration followed by breakfast. Online MNC registration was been done. Mrs. Rohini Nagarkar, SOMI President of Maharashtra Chapter consented to be the chief guest for the inauguration ceremony. Dr (Mrs) Sangeeta Bhujbal was MNC Observer for the CNE.

The CNE was inaugurated by the Chief Guest of the function Mrs. Rohini Nagarkar, SOMI President of Maharashtra Chapter, Dr (Mrs) Sangeeta Bhujbal, MNC Observer, Lt(Col) Retd Mrs. Manonmani Venkat, President of SOMI and Dr. Sripriya Gopalkrishnan, Principal Sadhu Vaswani College of Nursing.

Keynote address was given by Mrs. Rohini Nagarkar with a very warming-up lecture on 'Important roles of Midwives in caring for Mothers and Newborns' with a presentation and in which she highlighted about nurses active participation and need for evidenced practice especially in Rural health centers, where the need of midwife is important.

The first session was from 9:30 am-10:15 am by Ms. Supriya Chinchpure on 'Birth planning for safety and health of mother and babies'. The session was very informative with live examples and participants learned about how planning is to be done right from the birth of a female child for her pregnancy. The details of planning for Antenatal Care, Intranatal Care and Postnatal care, also care during Lactation period was very well taken.

Second session was from 10:15 am -11:00 am by Mrs. Manisha Kadam on ' Examples of Midwifery-led care in labor: Sharing of experiences from different facilities' which highlighted the importance of Midwife to develop skills in handling and caring mothers during her labor and with efficient skills and confident knowledge and become Independent practitioner as Midwife-caring for Mothers and her baby.

The third session was from 11:00 -11:45 am by Lt (Col) Retd Mrs. Manonmani Venkat, Secretary, SOMI, India on 'Providing clinical learning opportunities to nursing and midwifery students in maternal and newborn care: the challenges teachers face and sharing of best practices for overcoming obstacles'. In this session it was explained how faculty themselves should first be knowledgeable, practice in clinical areas, become skillful, create interest in conducting deliveries and then be in a position to teach her nursing students the art of performing the delivery. Though the midwifery syllabus says to conduct number of deliveries there are many obstacles related to the clinical area, rural experiences, the safety of nursing students, availability of experienced faculty and co-operation of institutes to work the labor rooms. what is the ultimate solution for this was discussed and participants put forward many suggestions for the same, it created interest in the participants and finally the respected Observer of the CNE, Dr (Mrs) Sangeeta Bhujbal suggested that students need to be more exposed to Community Health Centres, where they will gain hands-on training for conducting deliveries efficiently.

Post lunch the session began at 12:45 pm by Mrs. Silly Dominic on 'Analysis of Current Newborn care in hospital births: Midwives can make a difference'.The session enriched the learning of the participants who were very engrossed in learning the practical aspects of identifying newborn babies care, their meticulous caring and handling with Human touch, how it makes a difference when nurses have knowledge of every minor issue in caring for Newborns.

The last session started at 2:00 pm by Mrs. Jasmine Jessy on ' Newborn skin care' in collaboration with the Johnson &
